

A DARTMOOR WEDDING

CONTEMPORARY WEDDINGS
AT LOWER GRENOFEN

We've teamed up with award-winning, independent, Devon wine merchants, Christopher Piper and edible flower farmer, Jan Billington of Maddocks Farm Organics to suggest a range of wedding cocktails to surprise and delight your guests. Choose from an array of West Country suppliers harvesting local botanicals and other ingredients to produce the finest spirits and mixers.

Get inspired and design your own creations to reflect your personalities and wedding style.

edible flowers

DRINKS MENU

The image shows four glasses of a light pink beverage, likely rosé, arranged on a light-colored wooden surface. Each glass contains a single pansy flower floating in the liquid. The flowers are white with purple and yellow centers. The background is softly blurred, showing more of the wooden surface and a few more flowers.

reception DRINKS

From viola floats to petals in ice there are plenty of ways to echo your English garden wedding in your reception drinks.

VIOLETTE *(selfridge)*

Flute, Chase (West Country) raspberry liqueur, top with Prosecco. Dress with viola.

An easy and eye catching reception drink. The Viola has a long season at Maddocks Farm Organics, so is perfect for those early spring weddings.

Simple. Elegant.

Chase Raspberry Liqueur (20% *abv*) is made using fresh locally sourced raspberries and Chase fine English potato vodka giving it a pure luxurious quality. Chase is the UK's only single estate distillery founded by farmer William Chase in Hereford in 2008. Chase Rhubarb and Chase Blackcurrant liqueurs are also available and make the prettiest pale pink reception drinks with Prosecco Frizzante 'Spago'.

Ever After WEST COUNTRY *(‘pimms’)*

Collins glass, ice, Kingston Black aperitif, wedges of apple, bruised mint stems, lemonade, Tonic. Dress with borage.

The Somerset Cider Brandy Company inspired this fashionable long drink. Brilliantly refreshing and less fuss and fruit chopping than the high street alternative.

Kingston Black (18% *abv*) is made by the Somerset Cider Brandy Company. It is a blend of Cider brandy and 'Kingston Black' apple juice, one of the finest and rarest of vintage cider apples. This has all the sweetness of apples with a depth and quality of flavour which has made Kingston Black a legend in the apple orchards of the West Country.

DEVONIA

(alcohol free)

Riedel 'O' glass, borage ice cubes, top with Devonia elderflower sparkling water.

Pretty flower ice cubes, perfect to brighten up neutral palette drinks and delight your soft drink guests.

Devonia produce local Spring water products, bottled in the heart of Devon. The elderflower is pre-mixed, so no fuss for you or your catering team. The company collect, wash & re-use their bottles free of charge for an added 'green bonus'.

cocktails

or set up a bar for guests to make their own cocktails to your recipe.*

the
GREAT BRITISH
G&T

Collins glass, build over ice cubes, Williams Chase apple gin, Chase elderflower liqueur. Fever-tree tonic, squeeze of lime. Dress with pale pink lavender stems.

An English garden twist and very pretty. The lavender and the gin work beautifully together and this special pink lavender variety has softer more splayed flowers with a heavenly scent.

All flowers from Maddocks Farm Organics (maddocksfarmorganics.co.uk) are edible. It's essential to source edible flowers for drinks. Check with your flower supplier that their flowers have been grown for consumption.

Grenofen
G+T

Riedel 'O' glass, ice, Tarquin Cornish gin, top with squeeze of lemon and Fever-tree tonic, dress with whole flowering Dill head.

An eye-catching floral addition makes this stand out from the crowd.

South West distillery is an independent family company, hand-crafting Gin and Pastis in tiny batches in Cornwall.

marmalade MULE

Tumbler glass, ice, Chase marmalade vodka, angostura bitters, peach juice, ginger beer top, freshly squeezed lime juice. Dress with Nasturtium.

Another simple yet refreshing West Country take on a classic.

This 5-times distilled vodka is marinated with the finest seville oranges to produce a unique marmalade experience.

MOO*tini*

Martini glass, lime rind wash, shake Black Cow Pure Milk Vodka & Blackdown Dorset vermouth with ice, strain, pour. Dress with ivory snapdragon.

Wonderfully elegant with a real country theme.

Made in Dorset, this unusual vodka is the world's first pure milk vodka made entirely from grass grazed cows and nothing else.

DOWNTON

Into a fine stemless glass like Pure Schott Zwiesel, build rosebud ice cubes, Chase vodka, Chase raspberry liqueur and a slug of rose syrup.

Easy elegance. We used pale lemon rosebuds as a good contrast against the pink of the rose syrup.

Chase raspberry liqueur is made using fresh locally sourced raspberries and fine English potato vodka.

ROSE MOJITO

Collins glass; muddle stems of mint, slices of lime and rose petals, add crushed ice, white rum, rosewater, lime juice – shake, strain, top with soda. Dress with old English rose petals.

Just the heady scent from the old English roses made us think we were in a perfumery. The key here are these very special roses from Maddocks Farm Organics.

Maddocks Farm Organics can supply rose petals to complement your colour theme, they can even grow to order given enough notice.

CHELSEA flower SHOW

Riedel 'o' glass, lemon rub on rim, ice, Fever-tree tonic, rose or primrose syrup of choice. Place dianthus bloom in centre. Dress with a 'living' fennel or lovage straw.

We love the fact that this is SO easy and looks so good. Easily adapted to flower power Gin and tonic but a great 'non-alcoholic' thirst quencher - and the living straw is a surprising twist.

Hollow edible plant stems make perfect drinking straws. Speak with Christopher Piper and Maddocks Farm Organics to find the perfect plant for your cocktail.
